TENNESSEE POLITICS.

Public Sentiment Turning in Favor of Universal Suffrage.

Special Dispatch to the Cincinnati Gazette.

NASHVILLE, June 28.

The campaign will commence in Middle Tennessee, by a debate between the candidates for Governor, at Tullahoma, July 5th.

Judge L. C. Houck has reached this city from Gen. Stokes' Congressional District. He has been traveling through the mountains, and reports a change in the opinion of the people there. They were at first almost unanimously opnosed to enfranchising the classes now posed to enfranchising the classes now excluded from the suffrage, but within the last three weeks they have come over to Governor Senter by hundreds,

convinced that universal suffrage is the doctrine of the Republican party, and the only road to permanent peace.
Some of the more enthusiastic Senter
men are now claiming East Tennessee
for their candidates, but I still incline to think that Stokes will carry that re-gion by 12,000 or 15,000 majority. Changes, however, are taking place

rapidly.
